Progress Updates	<ul style="list-style-type: none">• Long call before submission deadline like milestone 2, but this time we are much more organised and don't need to pull an all-nighter XD - good thing we started earlier guys!• All bugs resolved• Coverage improved even after time travel has been included• UML, minutes, taskboard and assumptions finalised• Javadoc and test style ready• All other issues from yesterday complete• Looking good to submit!

Great work everyone! This assignment certainly took a lot longer than expected, but we all managed in the end 😊
